Petrochemical Product

To whom it may concern

Dear Sir/Madam

Respectfully

Newsad Tejarat Namdar is a trading & commercial company in petroleum, petrochemical products, Fuel, Bitumen and drilling raw material fields based in IRAN. Its principal field of activities is trading, transportation and trans-shipment in the Middle East and Asian regions, working across a range of supply from Iranian products.

Newsad Tejarat Namdar is a relatively new company established to create emerging opportunities in the Middle East and Persian Gulf regions.

Our business is about building long-term partnerships with end-users and producers alike, under contract. These relationships are built on transparency, trust, reliability, and operational expertise in supporting the ability to develop mutually rewarding business associations.

We are currently expanding the international market of Iran and we could export all products and materials from Iran market in all grades and quantities as the delivery terms of FCA, FOB, CPT, CFR, CIF or DDP.

We would be very pleased to have a successful working relationship in the future and it's our pleasure to do great things together.

We hope this information is useful. Please contact us for any further information.
